Dealers in Medicine.

Harley's Sarsaparilla commands the largest sale, and is the best preparation before the public. When purchasing, look for the name and take notice of the label.

THEATRE—MISS ALBERTINE'S DEBUT.

The audience last night was very full, in point of numbers, and gave evidence of enjoying the performance very much. In the play of "Midas," each character was well done, with evident improvement on the first presentation. The appearance gave Charles and Miss Albertine an opportunity to show their superiority in a line of characters very different from those in "Midas."

REMARKS BY AN OFFICER.

Considerable excitement was caused in Third street, near Market, last night about 11 o'clock, by loud conversation, followed by the discharge of a pistol. A party of rowdies were creating a disturbance, while Officer Arthur attempted to suppress. Two of the party retorted the efforts of the officer, one of them attempting to draw a knife. Mr. Arthur wrested the knife from him, at which time one of the men struck him a severe blow with a cane, and immediately started to run. Arthur pursued and caught him, but did not succeed in arresting him. Two costs, a vest, and a hat, belonging to the party, are in the custody of Officer Westford, at the Gathright House.

THE LECTURE SEASON.

Now that the excitement is measurably subsiding, we may hope that the public will turn its attention to pursuits more tasteful to the tranquil mind. In the lecture season to pass unimpeded. It is the lecture season to pass unimpeded. It is the lecture season to pass unimpeded. It is the lecture season to pass unimpeded.

PORTER'S SPIRIT OF THE TIMES.

We have from the publishers this admirable chronicle of the tariff and gold. It is, in all the elements of fun, study, wit, and humor, decidedly the most complete and most readable of modern times. Porter is "spirited" and there is "a spicy" in the issue of the 1st inst. It is an indispensable to the gentleman of the morning, and the grower of gold stock everywhere. Besides, it is the highest authority—the authority from which all news is derived in the settlement of all racing points and questions arising on the turf.

ARRAIGNMENT OF CRADOCK.

It will be remembered that shortly after the assassination of Cradock, in this county, last summer, a man by the name of King was arrested, charged with a connection with the murder. After a examination he was discharged, the testimony not being sufficient to convict him. In the recent arrest of King, he was charged with a connection with the murder of Cradock. In the recent arrest of King, he was charged with a connection with the murder of Cradock. In the recent arrest of King, he was charged with a connection with the murder of Cradock.

BRIDGEMAN—George Davis, William Smith and Charles Burns.

were arrested at the river on Wednesday, on a charge of breaking into the store of Mr. Wm. R. Burns, and stealing three pairs of shoes. They were examined before Judge Johnston yesterday, and held in \$500 each to answer the charge at the next term of the Criminal Court. In default of bail, they were sent to the work-house.

SEAMEN'S ASSAULT.

John Casey, Robert Baskley, and James Clark, were before the Police Court yesterday morning, upon complaint of Mr. Robert Wilcox, who charged them with assaulting him on Tuesday night. The offense was fully proven, and the parties were held to bail for their good behavior six months—Clark in \$200 and the others in \$300, which they gave.

CHAMPAIGN IN A NEW CHARACTER.

Champlain is a great go-to, and stands as a good chance for the Presidency to-day, as a Millard Fillmore. He has represented "Moss" in almost every conceivable character during his engagement here. One of his admirers suggests that, in order to diversify the program upon his next night, he should represent "Moss in the Boatswain."

REMARKS BY A MAN.

Two little boys had a quarrel yesterday about some trifles, in Upper Green street, which resulted in a fight between them, during which one of the boys, son of Mr. Manton, about twelve years of age, was thrown down, and his head coming in collision with a stone, he was very seriously, though it is hoped not fatally, injured.

MANICURE.—George and William Coker.

were before Police Court yesterday upon the charge of causing the death of John Bisher, at the Portland wharf, on Wednesday last. We gave some of the particulars of this outrage in the Democrat yesterday. The examination was continued until Saturday, and the accused were remanded to jail.

WELL DONE ALABAMA.

A gentleman in this city received a dispatch from a reliable source in Alabama yesterday, to the effect that the Democratic gains, so far as heard from, were from two to three hundred to the county, and the majority in the State will border upon 15,000.

ARREST.—A man by the name of Roeder.

who lives in Jefferson street, between Second and Third, was arrested and taken to jail yesterday, for assaulting an Irishman, in front of Roeder's residence. He will be examined for the offense in the Police Court this morning.

THEATRE WERE BURNED.

The Vincennes papers say that on Friday night the fire burning in the woods in Lawrence county, Illinois, caught in the theatre work on the Ohio and Mississippi Railroad, near the Embarras river, and burned up twelve or thirteen tents.

THE WRONG FIGHT IN THE EAST.

Madison, a free agent, was up before the City Court yesterday on complaint of John Ryan that he had slaughtered and appropriated one of his (Ryan's) dogs. The charge was not sustained, and Madison was dismissed.

ANOTHER NATURALIZATION PAPER.

Monroe, Owens & Co., announce through advertisement in another column to-day, the newly naturalized American beverage, Lagerbeer—an article two years old, and superior to any other brought to our city.

THE WIFE IN THE WEST.

The notorious Henry Ward Beecher is in the West at present, and was to have lectured in Smith & Nixon's Hall, Cincinnati, last evening, for the benefit of the Congressional Railroad, which is deeply involved in debt.

Prof. Flint will deliver an introductory clinical lecture in the hospital this afternoon, at 3 o'clock.

The physicians and surgeons of the city, and other medical gentlemen of the city, are respectfully invited.

DEPRECIATION.—Martin O'Brien and Michael Bergen.

were before the Police Court yesterday on a charge of drunkenness and disorderly conduct. In default of bail they were both sent to the work-house two months.

Champlain's speech at Lowell—Oratorical and Political.

Referring to Champlain's speech at Lowell, Massachusetts, the audience embraced ten thousand of the enlightened citizens of that flourishing city. We regret that we cannot give this speech entire. Its great theme is the folly and danger of geographical parties, and no one could present that subject in so many and such various phases and aspects, with such striking force of language and illustration.

What, for example, can better present the contrast between the present and past Presidential elections than the following:

There is no one here who shares with me the wish that his country, that himself might never see another such election as this. In those no one here, there are not hundreds here, who, recalling the Presidential elections they have assisted in, and contrasting their safe and their noble situation, as they recall the election of 1860, and the election of 1864, as they recall the election of 1868, and the election of 1872, as they recall the election of 1876, and the election of 1880, and the election of 1884, and the election
